NATIVE PLANT GARDEN to have further work. Marg Kieselhorst has agreed to chair the "Native Plant Garden" committee; other committee members are Carol Page, Katie Boyle and Charles Fleschner. Carol Page has typed a tentative list of plants to be considered and Marg and Dick Kieselhorst have started work on preparation of the plant beds. Plant bed preparation will continue under the direction of Lindy Lindgren working with the Northwest Indian Development. Our thanks to Joe Lindgren for the donation of Planting mix to be used in the soil preparation.

NEW MATERIALS RECEIVED

Thanks to Milford and Lillian Mertens for the specimens of polished rocks and natural rocks collected from Indian Beach, for the large colored geologic map of California, (the weed sheet) and its index which includes the Trinidad area and for the large sheets of lucite which may be utilized in the construction of exhibit cases. These materials will be useful in the preparation of new natural history exhibits.

How can You help the Society? Get involved! How?

1. Get a group to help keep the center open this summer. Donate time. Call 677-0186 or 677-3537
2. Join that garden group to collect, plant and maintain the area.
3. Like to arrange things? We need members willing to help develop exhibits.
4. Like record keeping? We have donated materials that should have proper forms.

ETC. ETC... ETC...
